A large, colorful stained glass window with a grid pattern, featuring abstract designs in blue, red, and white, set within a modern building interior. The window is composed of many small panes, each containing a different abstract design. The colors are vibrant, with a mix of blue, red, and white. The window is set within a modern building interior, with a curved ceiling and a dark, possibly metallic, frame. The overall effect is one of a large, artistic, and modern architectural feature.
